Global Head of Compliance, Global Wholesale Bank

"I have worked with Annabel for a number of years and can confirm Annabel to be a vibrant, diligent and erudite recruiter, fully focused on ensuring the best quality candidates and needs of the employer are fully represented and matched at all times. Professionalism and discretion is always ensured with a determination to gain a positive long term outcome and relationship."

C.O.O, Global Hedge Fund

"Samantha has worked in partnership with our firm for several years and we have always found her knowledge and perception of the market place to be unrivalled. She has a remarkable ability to quickly assess our needs and has always provided candidates that closely match not only our requirements but also the culture of our firm. I would not hesitate to recommend Samantha for any assignment."

European Head of Compliance and Risk, Global Asset Manager

"Annabel Roberts has consistently found good quality candidates in a market replete with quantity but all too frequently short on quality. Her ability to unearth the exceptional candidate made her a first call on any recruitment project. What immediately set her apart from others was the clear understanding she rapidly developed for the specific requirements I have in sourcing compliance professionals and the implementation of a plan to provide them. What I have been most impressed with, however, is the simple fact that Annabel has always been entirely honest with me; I don't get sent candidates who don't fit the profile."

Head of Fixed Income, European Investment Bank

"As a candidate I know it is exceptionally hard to find consultants who not only understand your background and career goals, but also those who have your best interests at heart. I met Samantha in 1998 when she helped me find my first job within compliance, and have worked with her throughout the years on each of my career moves. I have always found her to be genuine, hard working, and intuitive. She always keeps me updated on the progress of my applications and is continually on hand for advice. I have no doubt that the service that she provides far and away surpasses that of her competition"
